

Alliance Française de Cork Introducing
After-school French at Gaelscoil Mhuscraí, Blarney for 3rd, 4th, 5th & 6th Class

WHAT DO WE OFFER?

Our After-School French programme is specifically designed to help primary-age children acquire and develop language communication skills and expression through fun and stimulating group activities: games, drawing, crafts, while also developing important vocabulary and grammatical skills at a young age. This provides a valuable preparation not just for the secondary-school curriculum, but also to help contribute to a child's overall educational development - learning a foreign language can help to improve memory and to develop overall verbal, mathematical and problem-solving skills.

WHERE & WHEN IS AFTER-SCHOOL FRENCH HELD?

After-School French is held at the school premises as an after-school activity in general, rather than within school hours.
